

JAYBRAKE

BY HORSCHTEL MOTORSPORTS

New Image Series

The New Image Series of hand controls were designed with comfort and easy of operation in mind. The New Image controls mount onto 1" bars with clearance for 1-1/4" bars. They offer soft lines with a low profile, creating a minimal clamp sight line and the rotated lever offers effortless operation and easy hold performance.

Switch over to the performance of Jaybrake today and feel the difference.
